Licensed Contractor's Certificate Fee.

Licensed contractors from other cities of the first, second or third class in Pennsylvania, or who are qualified by right of any state contractor's license to be engaged as a contractor, shall be registered in the Department of Planning and Codes without examination. For such registration he shall pay a license certificate fee as specified in Chapter 285, Fees, which covers such work or contracts taken at such time for fulfillment, and for each succeeding registration certificate fee, together with the payment of the annual business license fee to the Director of Finance or their designee.

Nonresident Contractors Registration; Fee.

Any person, firm or corporation engaged in the business as a contractor outside the limits of the City, but not in a city of the first, second, or third class, may register for license examination in the Department of Planning and Codes under the same form of application and under the same provisions for examination as described in § 422-3.

For questions, please contact the Codes Office at 610-250-6724
