

**TYPES OF SIGNS**

**Canopy/Awning:** Any sign that is part of, or attached to a canopy. Any sign painted on, or applied to, an awning.

**Freestanding:** Is a sign permanently supported by an upright pole(s) that is permanently anchored into the ground.

**Projecting:** Is a sign which is affixed to any building, wall or structure and extends more than 12 inches from the façade or place of the structure. Such sign shall have at least an eight-foot vertical clearance above a pedestrian walkway and shall not be located within two feet of the side property line.

**Wall:** Is a sign mounted parallel to the face of a structure or wall and protruding not more than 12 inches from the place or façade of the structure wall or above the roof line or eaves of the structure. No such sign shall be located within two feet from the side property line.

**Marquee:** Any sign attached to a marquee for the purpose of identifying a use or product. If attached to a theater, performing arts center, cinema, or other similar use, it may also advertise films or productions.

**Window:** Is a sign affixed to or within a window such that the message can be seen from the outside.
